

HIGHLIGHTS:

- **Web Portal**

24/7 access to patient and Rx data.

- **Mobile App**

Android and iOS support included.

- **Reporting**

On demand, custom reporting by facility, nursing station and patient.

- **Rx Management**

View Rx details and request refills.

- **Alerts**

Get Order Follow Up, High-Cost and New Admit Alert notifications.

Give your facilities visibility into your PMS, empower them to make informed decisions and reduce pharmacy support time.

Optu's Pharmacy Portal and Mobile App provides a window into your PMS, allowing facilities and nurses the ability to view patient and Rx data and make informed decisions.

Whether your end user is on a computer or mobile device, they will find self-serve features, reporting, alerts and more to help streamline their services and ultimately reduce your staff load and improve operational efficiency.
